# Synopsis

Imagine a place where you can fly and be as light as a feather or as heavy as an elephant. A place where you can live upside down and where instead of walking you dance to the music that transforms from a record player ... a place where the floor wobbles and the simplest and most everyday action becomes the biggest challenge i extraordinary.

Back 2 Classics proposes a fresh, close and intimate trampoline show for the whole family. A show where the trampoline takes on a life of its own between the follies and acrobatics of its protagonist. A show full of humor, poetry and caroms that will change the concept we have of the trampoline. Do you want to be part? You are all invited!
